MOTHERS discuss a story a member is reading from the PRECINCT REPORTER. School board members did not agree with version of story reported.

MRS. VALERIE POPE calmly presents the case for the Community League of Mothers.

MRS. FOSTER speaks out against bussing students across town to eliminate de facto segregation. She suggested, to take the aggressive students out of a community leaves it without leadership.

MRS. ARTHUR JOHNSON, President of the Community League of Mothers stands by her guns and reiterates the Mothers' demands for reinstatement of bus transportation for the kids.

If you go back to the Precinct Reporter, every day there was a crisis. Oh, Art was there, and Sam was there talking and had editorials about the League of Mothers. We were front page in the Precinct Reporter so all the white people start to... running to get the Precinct Reporter before it got off the press!" What are they gonna do now? What are they saying about us? - Frances Grice

“Art Townsend was our mentor. He was very close to us. The paper just got big, and he was the one that helped us. And then we said we got to get politically involved.”

Mrs. Lois Carson To Serve On Rep. Brown's Academy Board

Congressman George E. Brown, Jr. (Democrat-Colton) recently announced that his newly formed 38th congressional District Academy nomination Advisory Board will soon meet to consider applications for congressional nominations to Military academies.

"This selection of nominees to the Army, Air Force Navy and Merchant Marine Academies is a very important responsibility," Con-

gressman Brown said in making the announcement, "which should not be taken lightly. I want to be certain, when I recommend someone for an appointment to one of these academies, that I am recommending the very best the Inland Empire has to offer our country

"I have therefore asked a number of citizens from all areas of the 38th Congressional District, among them, Mrs. Lois Carson of

745 Dallas St. San Bernardino to serve on my Academy Nomination Advisory Board, which will interview and study the qualifications of every 38th Congressional District resident who asks me for an appointment to one of the service academies.

These citizens will serve without compensation, donating their time in the service of their community and their country, for which they

should be commended."

Mrs. Carson said "I am delighted to accept the appointment because it relates to my primary interest-education."

The academics for which the board will review applications are:

The Air Force Academy, The Army Academy, The Coast Guard Academy, The Merchant Marine Academy, and The Naval Academy.
